# About BA

ByBA.co.uk

Established in 1990 and operating from three state of the art factories; one in Cookstown in Co. Tyrone and two in Yorkshire at Rotherham and Doncaster, we are one of the largest producers in Europe supplying small, medium and large manufacturers with bespoke, made-to-measure kitchens, doors, contract volume orders and the largest ranges of matching accessories available in the market today.

BA is a market leader, and we use feedback from our customers to help in our decisions on new products and colours. Regular investment in leading edge software has resulted in a fully linked system from order entry through to production planning, production processing and despatch with the order system updated at every stage of production enabling us to communicate accurate order status information on request.

Order Acknowledgements are automatically emailed to each customer containing full details, prices and estimated despatch dates. Information on your order is available either by contacting our Customer Services Team or can be accessed directly on the website using MyBA (See Page 8 registered customers only).

Over the years the accomplishments made by BA have been recognised and we have been awarded many national and local business awards, for design, service, supply and product quality. By utilising leading edge technology and developing innovative processes, practises and

procedures in all aspects of our business, we are recognized as a market leader in the KBB sector in the UK.

## Quality

All of our production and storage areas are heated using eco friendly systems fuelled using the company's wood waste and this combined with good humidity control ensures consistency in the quality of our raw materials brought into production. This is key to efficiency in production and therefore the quality of the end products and we regularly test and monitor the quality and reliability of both current and new products and materials.

Our dedicated Quality Control Department monitor closely the production procedures and carry out regular checks to evaluate quality at all points of the production process. Using our own ovens and test equipment we can test internally to FIRA regulations ensuring the best quality products at all times.

# UK

**OVER 30 YEARS  
MANUFACTURING  
IN THE UK**

## Process

From our purpose built facilities the use of the very latest in manufacturing machinery and technologies allows us to produce consistently high quality products.

Manufacturing processes designed and developed over many years based on experience within the market and on our own concept designs are the bedrock of our production expertise.

A total of 16 CNC routers including the largest automated board store and router complex in Europe, create the designs on colour matched board and advanced internal software uses an optimising system to plan production efficiently based on colour batches.

The company's software calculates lay-up for the pressing process and this information is sent directly to screens for the press controllers, adding to the end product quality and with added benefits over more traditional operator manual input.

Advanced in-line cleaning machinery at pre-gluing and post pressing stages maintain a consistent high level of

product at all stages of processing prior to final inspection, drilling and packing.

The production process for our acrylic doors uses the latest CNC edge banding lines which have been specifically designed to edge high gloss and acrylic materials. The PUR (Poly Urethane Reactive) gluing system applies a high heat & water resistant glue line. The high precision trimming, polishing & buffing units leave a perfect edge time after time.

Our pressed doors and accessories are produced on a total of 5 pressing lines in our Cookstown and Doncaster Factories; 3 of which are fully automated robotic gluing, pressing and trimming lines, which are the most advanced of their kind in the world.

5 piece doors are created on our own moulding and wrapping lines in Doncaster where experience goes back many years, and again the use of the latest equipment and materials in production and assembly means these are among the best 5 piece doors available today.

After investing £2M in the UK's only fully automated process line to manufacture a 'J' profile handleless door for both standard and M2M sizes, we are investing a further £1M in this product.

With all our door ranges and accessories, final inspection is a crucial part of the process to ensure that all products leave our factories in first class condition.

Packing for despatch is important and every effort is made to ensure that customers receive their goods in the same condition as they leave the factory. Sturdy cardboard boxes produced on our own box making machinery is used along with side and corner protection. We deliver daily throughout the UK and Ireland.

We continue to invest in our facilities with the introduction of the latest Panotec Machine for our packing and despatch lines in Cookstown. The new machine, with its improved software and components, will improve efficiency and speed by 20%.

A new automated packing line has also been delivered and installed at Rotherham.

# MyBA

## Interactive Online Service

MyBA is our interactive online service which has been specifically developed to enable you to place and track orders within our production system, in addition to monitoring and making payments to your account when convenient for you.

MyBA has been significantly enhanced to make it easier to order Rigid or Flat-pack Kitchens and Bedrooms.

It's simple, speedy and secure to use – it's been designed by us for you based on your feedback to produce something you can happily call: MyBA.

## Register

Prior to registration you must have an account opened and a valid email address. If registering more than one user we advise using a general email address rather than numerous individual email addresses.

Registration is quick and efficient and you can be registered and enjoying the unique benefits of the system in minutes.

Register today and start enjoying the benefits immediately.

1. Have your BA account number to hand
2. Log on to the website: [byba.co.uk](http://byba.co.uk)
3. Click on the MyBA login button (top right)
4. Follow the simple registration process as instructed

## Benefits

Easy & straightforward to use 24 hours a day, 7 days a week.

Eliminates errors from handwritten orders.

Automatic personalised order management facility.

Quotation folder to store or amend orders until ready for submission.

Easy to use Sloping Door Calculator Wizard.

Live account details; balance, credit limit and available credit.

Easy to use Sloping Door Calculator Wizard.

Live order tracking direct from our production system and after despatch with direct links to the carriers.

Manage and submit replacement/remedial orders online to save time.

Dedicated Marketing Support Section. See page 140.

Be first to know about latest developments with access to the live notice board with news on lead times, promotions, general information, new products and much more.

Multiple Logins available on request.

In line with our continuing desire for development and progress, and to ensure better service and ease of ordering for our customers we have made our product library and pricing available to some of the industry's leading CAD and pricing software specialists. **Contact your provider for details.**

# Ordering Process & Payment

---

## Ordering

Please use one of the following options when placing an order:

- By using MyBA online system –  
(Lead time reduced by 1 day) see page 8.
- By email see page 4.

For speedy and efficient processing of your order please ensure you:

- Include your account number, name and telephone number.
- Include a Purchase Order Number or Name.

When placing an order where there are 2 or more colours / styles / ranges then each will be treated as a separate order when received into BA's system. Each will have a separate delivery charge and potentially a different despatch date.

From 1st February, 2022, when ordering a rigid or flatpack kitchen or bedroom please note you will receive One order acknowledgement with One despatch date.

---

## Payment Terms

### Monthly Account

Goods will be despatched when ready.  
Payment terms are 30 days end of month.

### Pro Forma Account

Orders received via MyBA will require online payment. For orders received by email, please contact the office to make payment upon receipt of your proforma invoice. Once payment has been received we can place your order into the production schedule.

We do not accept payment by cheque for pro-forma accounts.

To apply for an account download a customer registration form from MyBA. Approved applications will be advised of the credit limit (Credit limits include current outstanding balance plus the value of all orders in the BA system), if credit limits are exceeded further orders cannot be processed until the excess amount has been paid.

For accounts queries see contacts on page 4.

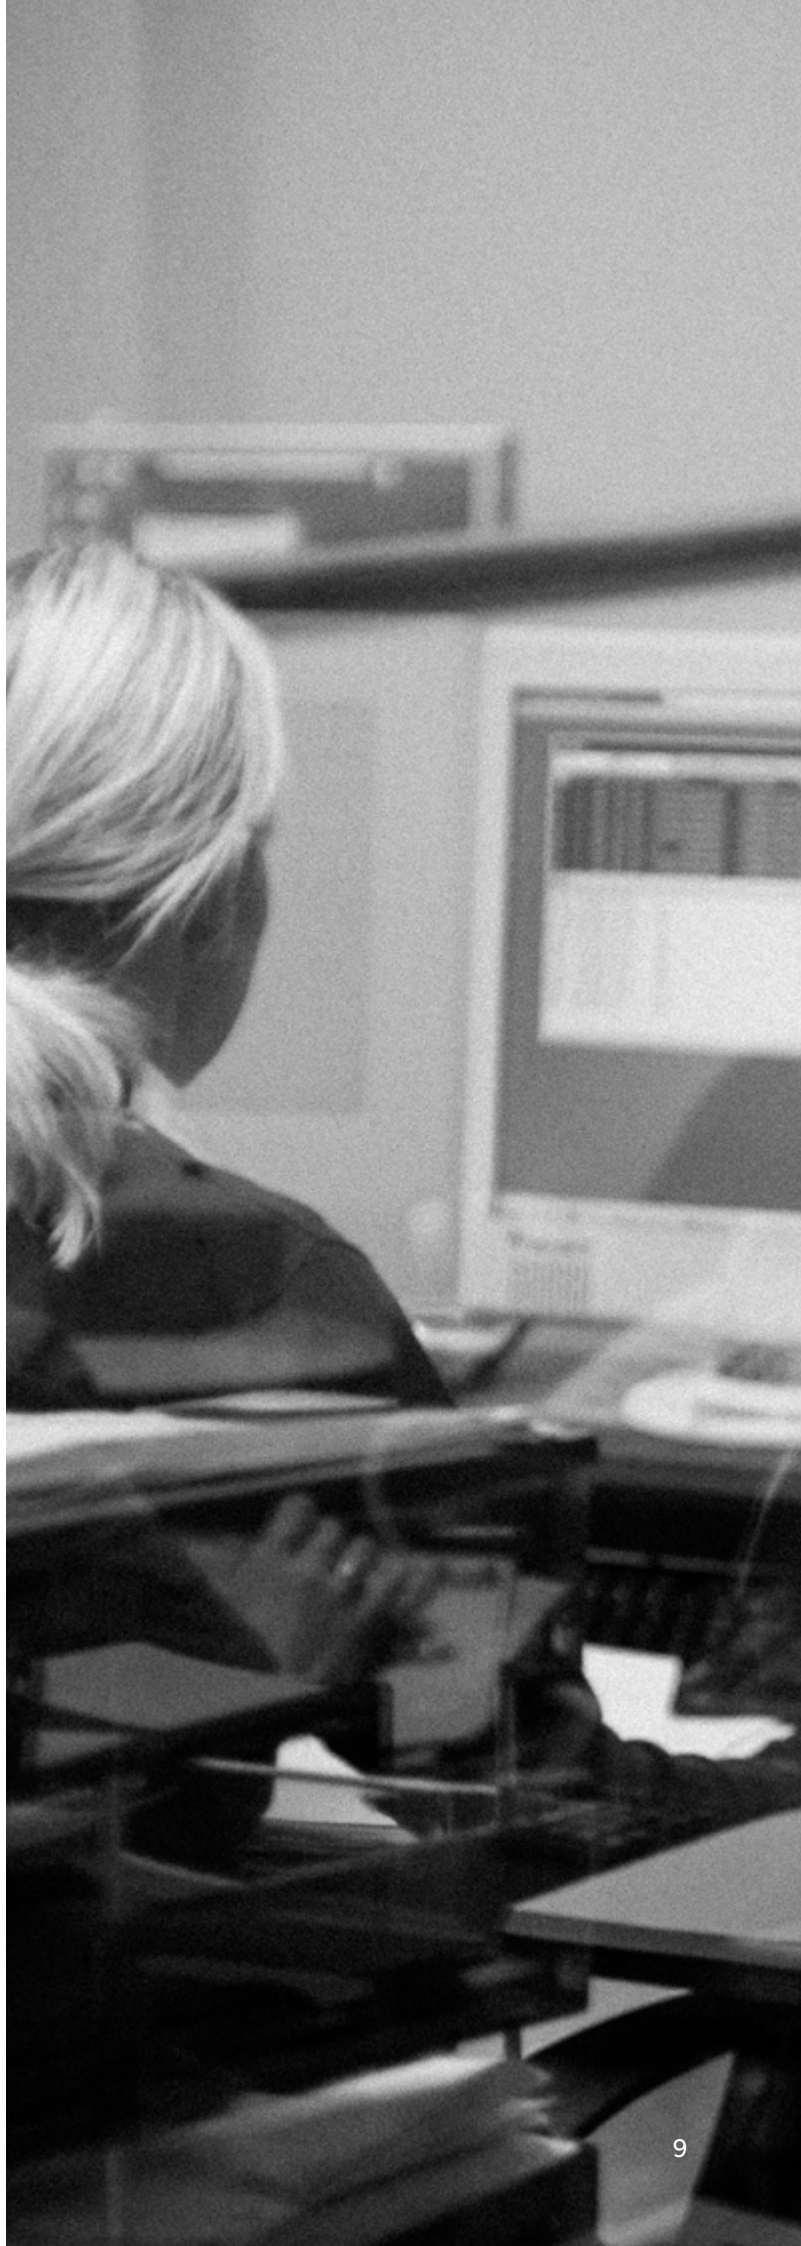

We accept all Major Credit & Debit Cards.  
No surcharges apply.

### Details for Bank Payments:

# Made to Measure Doors and Matching Accessories

# Jayline

A stunning 'J' Profile Handleless door, available in 11 stunning on-trend Supermatt or Supergloss colours.

- 19mm MDF 'J' Profile door
- Choose from 11 on-trend colours
- Available in standard and non standard sized kitchen doors, drawer fronts and matching accessories.
- Despatched within 7 days\*
- The Jayline range carry a 6 year warranty.

Cert No. PC0051

FIRA Gold Certification is the ultimate mark of product excellence within the furniture industry and provides a solid reassurance that a product meets all necessary standards.

A selection of Jayline doors have been tested by FIRA International and achieved FIRA Gold Certification Tests : **BS 6222-3**.

\*Please check communication updates on MyBA for live updates on lead times as they may fluctuate slightly during busy periods.

### RANGE SPECIFICATION

19mm MDF J Profile Handleless Door.

Wrapped door with a continuous laminate on top edge and face. Jayline uses a PUR adhesive system giving the highest heat and moisture resistance available.

Note: When ordering Jayline doors with hinge-holes, specify handing and groove (handle) position.

E.g. drill 98T 98B LH handle top.

### CERTIFICATION

Products marked (F) are FSC® certified. The Jayline range has attained the FIRA gold award.

- Min height 140mm, max height 1245mm.
- Min width 146mm, max width 1200mm.

Surcharges apply. See price list for details.

Any made to measure size will be produced from a standard bar (using the next size up) and cut down to height & re-edged. Therefore the use of edging will apply to all made to measure sizes.

# Made to Measure Doors and Matching Accessories

# Zurfiz

This stunning made to measure collection of ultra modern doors are available in 26 colour options - a mix of ultragloss solid colours, stone and metal effects, woodgrains and metallics along with supermatts and all rounded off by a brushed metal.

To add to the choice and flexibility of the range the doors are also offered with 3 edge options, matching edge, plywood effect and a stunning glass effect 3D edge producing a deceptively real glazed appearance.

- Available in kitchen, bedroom and bathroom made to measure sizes.
- 18mm MDF & MFC finishes in Acrylic, Melamine, PET and PVC materials with stunning gloss and matt levels.
- Edging applied using PUR (Poly Urethane Reactive) glue with a much higher heat and moisture resistance than normal hot melt glues.
- A selection of Zurfiz doors are FSC® or PEFC certified and have attained the FIRA gold award.
- The Zurfiz range carries a 6 year warranty.
- Manufactured and despatched within 7 working days.

Cert No. PC0051

FIRA Gold Certification is the ultimate mark of product excellence within the furniture industry and provides a solid reassurance that a product meets all necessary standards.

## ClicBox

ClicBox By BA is an unique concept in kitchen cabinets. Using the patented UNICLIC for furniture technology, means the different components just clic together. This is set to revolutionise cabinet assembly.

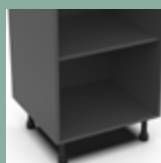

### The UNICLIC technology

The UNICLIC technology is a tongue and groove solution which enables a click connection at an angle of 90°. This revolutionary technology makes it possible to assemble flat packed kitchen cabinets by simply clicking the components together, without requiring any tools or screws!

### Stronger Connection

The click connection is stronger than a traditional assembly system as the joints interlock along the entire assembly length instead of only on 2 fixing points.

### No Visible Fittings

As there are no fittings required with UNICLIC, the technology is completely invisible.

Product

Cert No. PC0051

The ClicBox Kitchen Range has been tested at FIRA International Ltd and successfully meets the structural performance requirements for FIRA Gold certification to Heavy Domestic / Contract Kitchen Furniture: FPG S006 – Level H Specification.

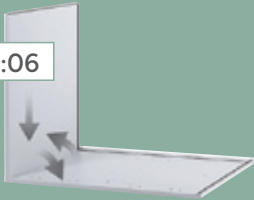

Watch the ClicBox video to see how easy & quick assembly is. [byba.co.uk/clicbox](http://byba.co.uk/clicbox)

## Blind Corner Units

Blind Corner units are available in a variety of standard sizes, giving numerous options on planning out of a corner. Standard door and cabinet combinations are shown below – the system can be further tailored during installation, by trimming the corner post, and positioning of the cabinetry as shown opposite.

### Standard Blind Corner Wall Unit (650 x 350)

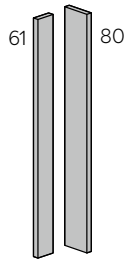

This uses a standard 600 cabinet, together with a 300 door. Only one part of the corner post is required (80mm), together with blind corner hinges, which are used to hang the door off the rear face of the 80mm panel. The 61mm corner return is also supplied, should the unit need adjustment as shown opposite.

Always check any handle sizes for clearances that may be needed, and adjust the size of the corner post as necessary.

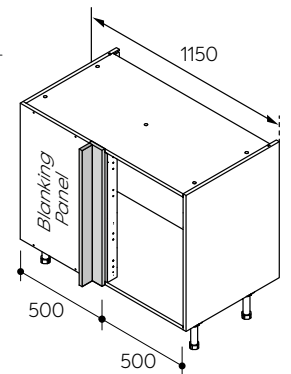

### Two Part Corner Post

This is supplied in flat format to allow customisation on-site. In its maximum size, it measures 80 x 80mm when assembled. The 80mm piece is pre-drilled on the rear face for hinge mounting plates (Blind Corner Wall unit Door Hanging).

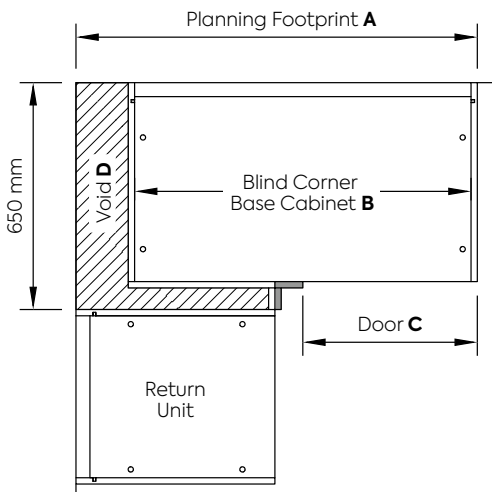

### Standard Blind Corner Base Unit (1150 x 650)

This uses a standard 1000mm base cabinet, together with a 500mm door – other combinations are available, see below. Both parts of the corner post are required, and can be modified during installation as shown opposite.

### Standard Corner Base Options

Blind corner base units are available in a variety of cabinet & door combinations as listed – they will all work with the 650 x 350 Blind Corner Wall unit above, together with the relevant size of return wall units.

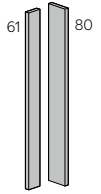

Planning Footprint A	Cabinet B	Door C	Void D
1000	700	350	300
1050	800	400	250
1100	900	450	200
1150	1000	500	150
1100	1000	450	100
1050	1000	400	50
1250	1000	600	250

# Cabinets

## Blind Corner Units – Flexible Corner Planning

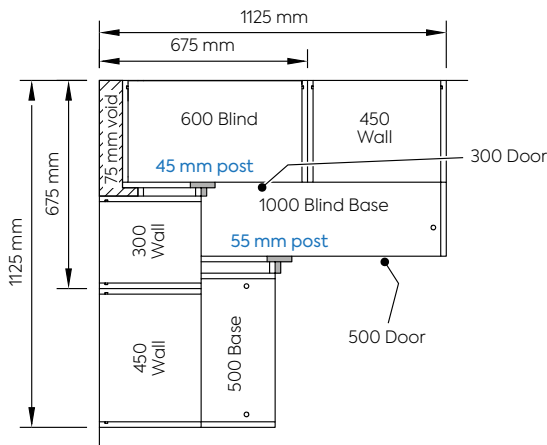

The nature of the two-part corner post is inherently flexible – it can be tailored during installation to achieve any corner configuration size required. This can be used when planning the overall kitchen design to remove the need for unsightly infill strips. Two typical specimen examples are shown below, however the corner planning options are limitless with a degree of thought, and careful planning.

Note: the 80mm panel does not need trimming in any scenario – the relevant base or wall cabinet is simply positioned further in (or out) of the corner, creating more (or less) reveal of the 80mm panel. The 61mm return piece is then trimmed and positioned accordingly.

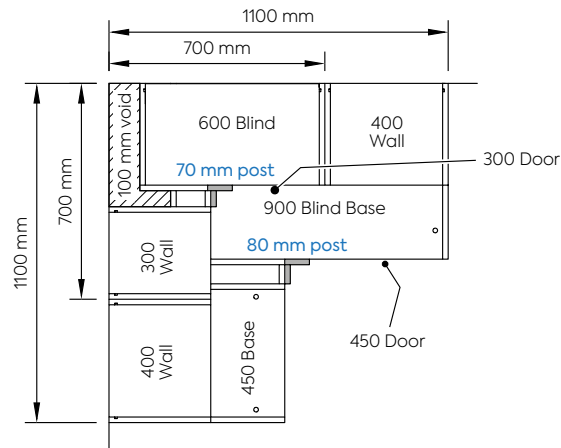

### Example 1 – 1125mm Corner

- The blind corner wall cabinet is set at 675mm, with a 75mm void – making the corner post footprint 45 x 45 (26 x 26 visible)
- Standard 450mm wall units are used to align with the base units below
- The 1000mm blind corner base is set at 1125mm, with a 125mm void – making the corner post footprint 55 x 55 (36 x 36 visible).

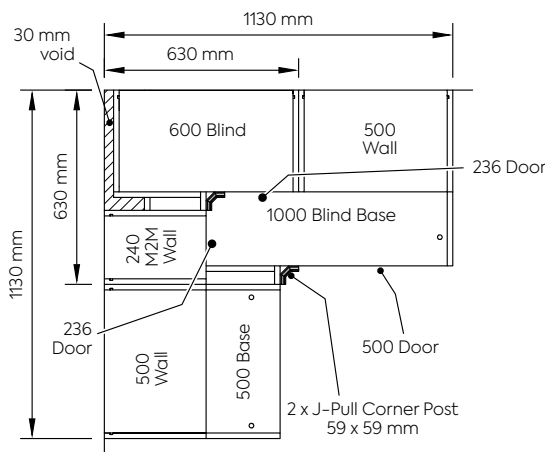

### Example 2 – 1100mm Corner

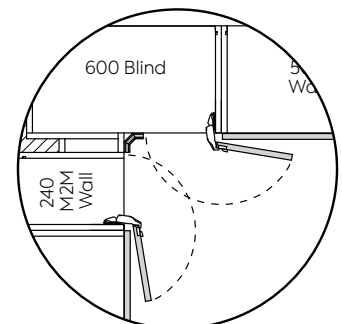

- The blind corner wall is set at 700mm, with a 100mm void – making the corner post footprint 70 x 70 (51 x 51 visible).
- Standard 400mm wall units are used to align with the base units below.
- The 900mm blind corner base is set at 1100mm, with a 200mm void – making the corner post footprint 80 x 80 (does not need trimming) and a 450mm base return unit.

### J-Pull Ranges: Jayline and Lacarre

- For J-Pull ranges the corner post is a fixed size 59 x 59, with J-Pull design, used on both base and wall units to suit a 630 (Wall) and 1130 (Base) planning footprint.
- A 236mm corner wall door is used – note that this is hinged from the cabinet end panel using 165 degree hinges.
- A made-to-measure return wall unit (240mm wide) can be used together with a 236mm wide door, to align with the base units below, if required to match the overall kitchen plan.

Drilling: 96mm  
Code: AHGTRB096BRO

# Marketing Support

## ByBA.co.uk

BA has always been committed to investing in marketing activity to support our dealer network and at a time when many are reducing sales and marketing activities, BA have continued to invest in quality materials and campaigns to build business for its trade dealers.

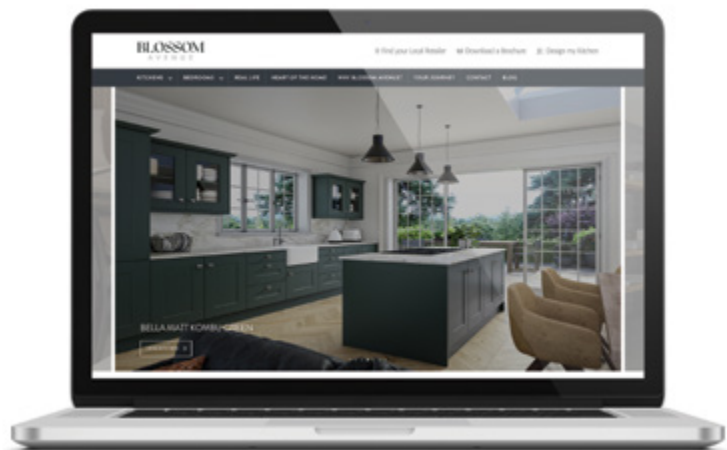

Our mobile, tablet and desktop friendly website showcases all our products and services as well as driving customers to the dealer network. The site has been designed to not only be informative to the end customer but to be an essential and useful sales tool for all BA Dealers.

You can use the website to show your customers over 1000 style and colour combinations across all the BA ranges giving you and your client some fabulous ideas on colours, styles and layouts. Overall this represents one of the most wide reaching promotional programmes in our market place today, and in conjunction with our social media campaigns, trade press advertising, great brochures and point of sale material, exhibition activity and a first class customer care programme it is the envy of our competition.

The BA advertising campaigns are always fresh, innovative and very important to the continued growth of BA and more importantly its dealers. Our advertising represents not only the whole support ethos of BA but a real reason to buy into the BA Brands.

byba.co.uk

blossomavenue.co.uk

## BA Dealer Network

The Dealer Locator drives Sales Leads Direct to You!

The dealer locator allows consumers to not only find you as a local dealer, but interact with you even before they visit.

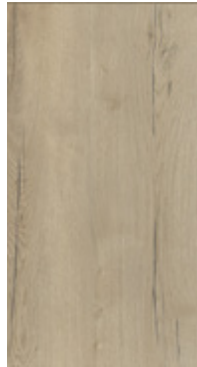

---

## Order a sample service

We've all been there. Your client is ready to make a final decision and you can't locate your BA sample!

We have the solution, order your customer a sample and leave your precious samples where you need them most, in your showroom. Simply go online and order a sample via MyBA.

---

## Digital Material and Imagery

To order promotional items, send orders to: [cookorders@byba.co.uk](mailto:cookorders@byba.co.uk) or via MyBA

*Delivery charges will apply*

Rotherham

# Door Care

## Care and Maintenance

As with all timber based items our products should not be stored or installed in a newly plastered or damp environment.

To avoid damage by excessive heat please follow these simple guidelines:

- When installing doors adjacent to ovens always ensure that doors are shielded by using heat deflector strips
- Never use any appliance which generates high levels of heat or concentrated steam (such as a toaster, kettle or pressure cooker) directly under or adjacent to a door or panel.

### Gloss and matt colours

- After removing the protective film please allow the surface to cure for seven days before cleaning or wiping.
- Polishing High Gloss finishes will leave minor scratches and polish marks, this is normal with this type of finish.

### To clean door surfaces:

- Wipe using a soft cloth with a mild, non abrasive, dishwashing detergent diluted in warm water. The mix should be 1% detergent to 99% warm water (not wet).
- Dry off with a soft dry cloth.
- You should never use any vinegar based detergents, solvents, abrasive detergents, white spirit, Brillo pads or furniture polish.

### Gloss Door After Care Kit

Code: APOLISH

## We have a number of Door After Care Kits available:

### Gloss Door After Care Kit

- Kit includes a 235ml aerosol of VuPlex polish, micro anti scratch polishing cloth and full instructions.
- The door care kit is suitable for use with all gloss door finishes.
- VuPlex special formula cleans using safe ingredients that won't damage the surface.
- The anti static properties limit the amount of dust particles attracted to the surface that can lead to scratching.
- Accelerates the hardening process on high gloss finishes after film removal which increases protection instantly. Apply directly after removal of film.
- Leaves a coating of polymer that acts as an invisible barrier stopping small scratches & sun light fade.
- Polishes the surface leaving a high lustre streak free finish.

### Supermatt Door After Care Kit

Code: ASMCK

### Supermatt Door After Care Kit

- Kit includes a 250ml spray bottle of matt laminate cleaner, microfibre cloth, magic eraser x 2 and full instructions.
- The door care kit is suitable for use with Supermatt door finishes.
- Special formula cleans using safe ingredients that won't damage the surface.
- Leaves fingerprint and streak free with a fantastic low sheen finish.

### Painted Door After Care Kit

- Kit includes softwax, applicator, scotchbrite pad and touch up pen.
- Ideal for repairing scratches and scuff marks on the Thornbury and Hadley doors.
- Available in 6 colours, specify when ordering.

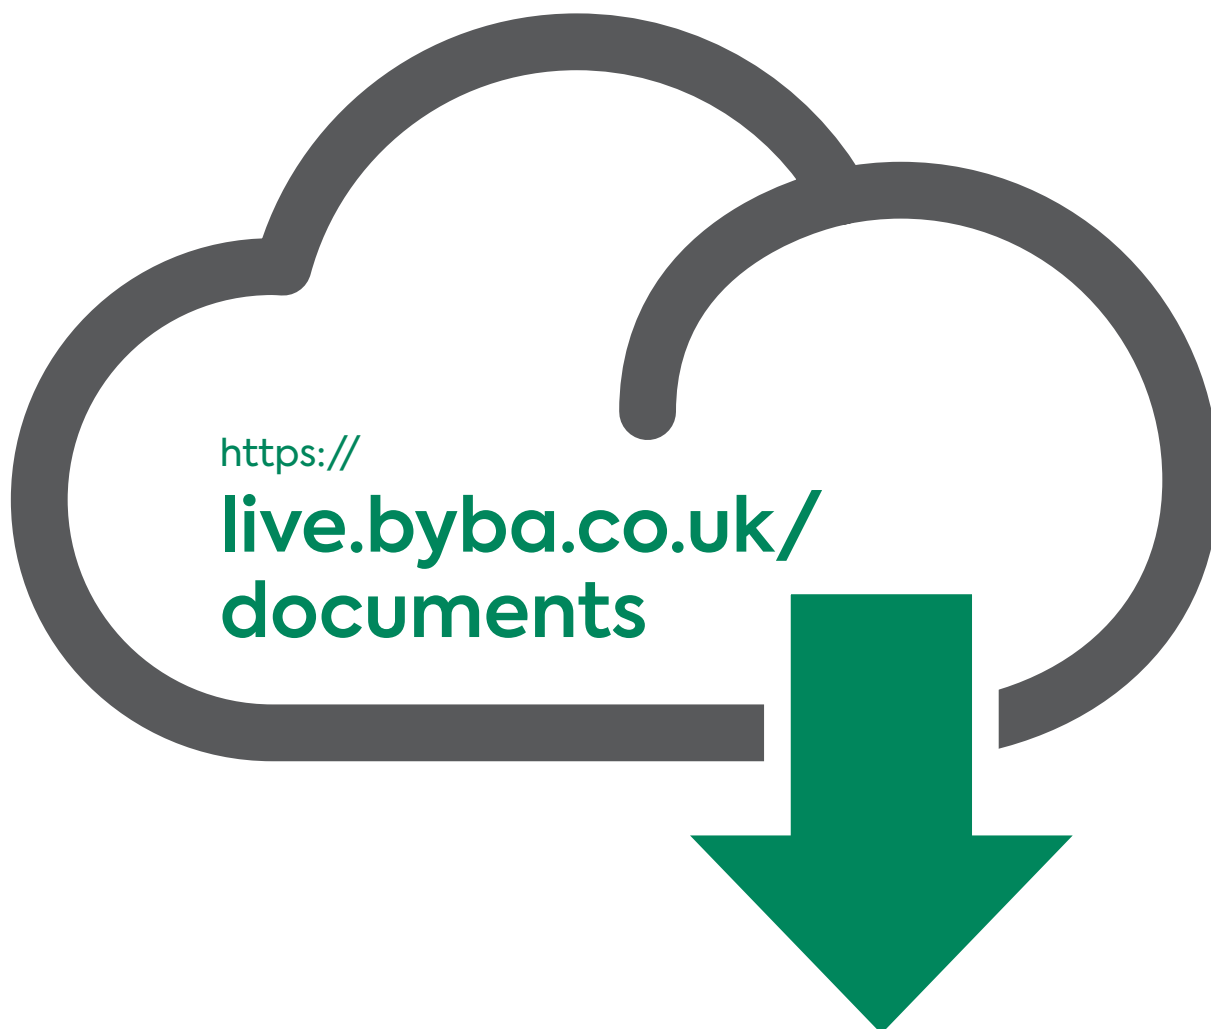

### Painted Door After Care Kit, specify name and colour

# Conditions of Sale

## Terms & Conditions

This contract is made under the following terms and conditions. Please read these terms and conditions carefully as they affect your rights and liabilities under the law.

### 1 Contract Parties

- 1.1 BA Components is a trading division of BA Kitchen Components Ltd, a company registered in Northern Ireland under company number NI 029035, and whose registered office is Derryloran Industrial Estate, Cookstown, Co Tyrone, BT80 9LU.
- 1.2 The contract is between you (The Buyer) and BA Components (The Seller).

### 2 Your Status

By placing an order with BA Components, you warrant that:

- 2.1 you are legally capable of entering into binding contracts.
- 2.2 you are at least 18 years old; and
- 2.3 you have read and understood the guidance on our site (MyBA) and Product Information Guide (PIG) as to how orders should be made

### 3 Contract Formation

- 3.1 Your order constitutes an offer to us to buy Product(s) subject to these terms and conditions. The contract between us (Contract) will only be formed when we receive your order in writing. If ordering via MyBA, this will be deemed when you have received email notification that your order has been successfully received.
- 3.2 We reserve the right to reject an order for whatever reason it deems necessary.

### 4 Your Rights

- 4.1 You may cancel or amend an order FOC provided the goods have not entered production or in the case of stocked products, before they have been picked.
- 4.2 Any cancellation or amendment to an order containing stocked products which has been released for picking but not yet despatched will be subject to an administration fee 25% of the order value (minimum charge £25).

### 5 Delivery

- 5.1 We will use all reasonable endeavours to fulfil your order between or on the delivery date set out in the Order Confirmation unless there are exceptional circumstances and the delivery is affected by factors beyond our control.
- 5.2 Delivery dates are not guaranteed, and we will let you know if we become aware of an unexpected delay and will arrange a new delivery date with you.
- 5.3 If you fail to take delivery of an order on the specified delivery date, we will notify you that the products are ready for delivery, or we cannot deliver due to your failure to provide relevant instructions, documents, licenses or authorisations then, except where this failure is caused by our failure to comply with these terms and conditions or by an event beyond your control:
  - 5.3.1 we will store the Goods until delivery takes place and may charge you a reasonable sum currently £15 a day to cover expenses and insurance;
  - 5.3.2 we shall have no liability to you for late delivery; and
  - 5.3.3 Where delivery has taken place as agreed but we were unable to leave the Products we will have the right to any additional delivery charges if you require a further delivery later.
- 5.4 If you have not taken delivery of the Products within two weeks of our notifying you that they are ready, we may, after giving you reasonable prior notice in writing, resell or otherwise dispose of part or all of the Products and, after deducting reasonable storage and selling costs, or the price if they are bespoke Products and cannot be resold, pay you for any excess over the price of the Products or charge you for any shortfall below their original price.
- 5.5 If we are not able to deliver the whole of the order at one time due to operational reasons or shortage of stock, we will deliver the order in instalments. We will not charge you extra delivery costs for this. If you ask us to deliver the order in instalments, we may charge you extra delivery costs. Each instalment shall constitute a separate Contract. If we are late delivering an instalment or one instalment is faulty, that will not entitle you to cancel any other instalment.
- 5.6 Upon delivery of the Products you are responsible for inspecting the Products and reporting to us within 5 working days of any alleged defect, fault, shortage, or error before the Products are used or fitted. We shall have no liability for any claim in respect of an alleged defect, fault or error which would be apparent on inspection before use or fitting.
- 5.7 Transit damage claims will be honoured if the POD has been signed DAMAGED and reported to us within 5 working days from the date of delivery.

### 6 Risk and Title

- 6.1 Ownership of the Products will only pass to you when delivery has been completed.
- 6.2 Unless otherwise agreed in writing by us, customer shall have no right or license to use the BA Components trademarks.

### 7 Price and Payment

- 7.1 Product prices and delivery charges exclude VAT.
- 7.2 Product prices and delivery charges are liable to change at any time, but changes will not be made to orders where you have received an order acknowledgment.
- 7.3 The BA Components Retail offering contains a vast number of products and may contain some pricing errors. If the pricing error is obvious and unmistakable and could have been reasonably recognised by you as an error, we do not have to provide the Products to you at the incorrect (lower) price.
- 7.4 Payment options will be available to you at the time of order. Orders will only be accepted if one of options has been successfully completed.

### 8 Claims and Refunds

- 8.1 As detailed in 5.6 and 5.7, all claims must be notified to us in writing within 5 working days of receiving the delivery
- 8.2 All claims must quote the original sales order number, detail reasons for the product rejection, include digital photographic evidence of the damage where possible and state if a replacement item is required. Items that have been drilled, altered, have scratches, dents or corner damage due to lack of care will not be accepted. The Seller will only replace like for like products and shall in no way be responsible for any additional consequential costs or losses
- 8.3 The Seller will endeavour to despatch a replacement order within 4 working days or 2 working days in the case of a stocked product from the date the claim has been received
- 8.4 All replacement orders will be initially charged for. As part of the investigation into the claim a representative of the Seller may request to view the damaged product at the Sellers address. Any credit due for damaged product will be processed within 30 working days of receiving the claim
- 8.5 Unless otherwise agreed, all delivery costs for product returned to BA Components will be borne by the Buyer. It is advisable when returning any item(s) to us you cover with the appropriate additional insurance to cover the total item(s) value. If this additional cover isn't applied to item(s)

# Conditions of Sale

- that are returned to us we cannot be held responsible for any damage that may occur in transit by the carrier.
- 8.6 If you return a stocked Product to us because you have cancelled the Contract between us within a seven-day cooling-off period, we will process the refund due to you as soon as possible and, in any case, within 7 days of the day on which you returned the Products to us. In this case, we will refund the price of the Product in full, and any applicable delivery charges subject to the returned product being fit for resale. However, you will be responsible for the cost of returning the Products to us. Products returned after the cooling off period will be subject to a restocking charge of 25% of the order value (minimum charge £25).
- 8.7 We will usually refund any money received from you using the same method originally used by you to pay for your purchase.

## 9 Warranty and Recommended Good Practice for Specific Products

- 9.1 We warrant to you that any Product purchased from us, on delivery, conform in all material respects with its description, be of satisfactory quality, and be reasonably fit for all the purposes for which Products of that kind are commonly supplied and will adhere to FIRA Gold/Gold Level H Certification, FIRA FS 6250 2018 Environmental Performance (Table 4b = Max bow of 1mm over 600mm span if measured when the doors are acclimatised for a period of 96 hrs to a temperature of 18-25c) and BS EN 17214:2019.
- 9.2 The following products carry the stated guarantee period for defects in materials only from the date of invoice:
- 9.2.1 All MDF/MFC based products - 6yrs
- 9.2.2 Solid Timber based products - 1yr
- 9.2.3 Hettich hinges and drawers - 20yrs
- 9.2.4 Handles - 1yr
- 9.3 This warranty does not apply to any defect in the Products arising from:
- 9.3.1 fair wear and tear;
- 9.3.2 wilful damage, accident, or negligence by you or any third party.
- 9.3.3 if you use the Products in a way that we do not recommend.
- 9.3.4 your failure to follow our instructions.
- 9.3.5 any alteration or repair you carry out without our prior written approval; or
- 9.3.6 Any incorrect instructions or plans submitted by you on our site to enable us to provide the Products.
- 9.4 We reserve the right to investigate all warranty claims to determine if the claim is due to a manufacturing defect resulting in product performance failure or to incorrect fabrication, installation, or misuse. We are only

- responsible for manufacturing defects and will at its choice repair, replace or refund the cost of the product.
- 9.5 We give no warranty and shall have no liability if product manufacture or sale infringes on any intellectual property right ("IPR") under which we are not licensed. We reserve the right without liability to the Customer other than refund of any portion of the price paid to discontinue manufacture, sale, or deliveries of any product which in our opinion would infringe any IPR.
- 9.6 The following best practice is recommended for certain products:
- 9.6.1 All Timber based products should only be cleaned with a damp cloth applying minimum amount of moisture or alternative approved cleaning polishes. Do not use any cleaning products containing solvents
- 9.6.2 After removing the protective film from High Gloss Products, please note that the finish has a 7 day curing process then the surface should only be polished with Vuplex polish or similar product using a micro anti-scratch polishing cloth
- 9.6.3 Products supplied which are placed near heat sources such as ovens, radiators, grills, boiling Kettles, toasters etc are not covered by the guarantee unless protected by suitable heat strips with a suitable gap left for heat escape
- 9.6.4 Products situated below a sink, or covering a dishwasher/washing machine are not covered, unless the damage is anything other than excessive steam or water contact.
- 9.7 In the unlikely event that the original colour in some of the MDF/MFC based products is discontinued, the nearest possible alternative will be offered at our discretion.
- 9.8 The Seller accepts no liability for and consequential losses, costs or refitting charges

## 10 Our Liability

- 10.1 Subject to clause 10.3, if we fail to comply with these terms and conditions, we shall only be liable to you for the purchase price of the Products and, subject to clause 10.2, any losses that you suffer as a result of our failure to comply (whether arising in contract, tort (including negligence), breach of statutory duty or otherwise) which are a foreseeable consequence of such failure.
- 10.2 Subject to clause 10.3, we will not be liable for losses that result from our failure to comply with these terms and conditions that fall into the following categories even if such losses result from our deliberate breach:
- 10.2.1 loss of income or revenue.
- 10.2.2 loss of business.
- 10.2.3 loss of profits.
- 10.2.4 loss of anticipated savings.
- 10.2.5 loss of data; or
- 10.2.6 Waste of management or office

- time. However, this clause 10.2 will not prevent claims for loss of or damage to your physical property that are foreseeable or any other claims for direct loss that are not excluded by categories 10.2.1 to 10.2.6 inclusive of this clause 10.2.
- 10.3 Nothing in this agreement excludes or limits our liability for:
- 10.3.1 death or personal injury caused by our negligence.
- 10.3.2 fraud or fraudulent misrepresentation.
- 10.3.3 any breach of the obligations implied by section 12 of the Sale of Goods Act 1979 or section 2 of the Supply of Goods and Services Act 1982.
- 10.3.4 defective Products under the Consumer Protection Act 1987; or
- 10.3.5 Any other matter for which it would be illegal for us to exclude or attempt to exclude our liability.

## 11 Written Communications

Applicable laws require that some of the information or communications we send to you should be in writing. When using MyBA, you accept that communication with us will be mainly electronic. We will contact you by e-mail or provide you with information by posting notices on our website. For contractual purposes, you agree to this electronic means of communication and you acknowledge that all contracts, notices, information and other communications that we provide to you electronically comply with any legal requirement that such communications be in writing. This condition does not affect your statutory rights.

## 12 Cancellation By Us and Product Changes

- 12.1 We reserve the right to cancel the Contract between us if:
- 12.1.1 we or our suppliers have insufficient stock to deliver the Products you have ordered, or such Products have been discontinued.
- 12.1.2 we do not deliver to your area; or
- 12.1.3 one or more of the Products you ordered was listed at an incorrect price due to a typographical error or an error in the pricing information received by us from our supplier.
- 12.2 If we do cancel your Contract, we will notify you by e-mail and will re-credit you account by any sum deducted by us from your credit card as soon as possible but in any event within 30 days of your order. We will not be liable to pay any additional compensation for disappointment suffered.
- 12.3 When we or our suppliers have insufficient stock to deliver the Products you have ordered or such Products have been discontinued we reserve the right to provide substitute Products to you of the equivalent quality and price at our discretion instead of exercising our right to cancel in condition 12.1 above. If you, as a consumer exercise your right to

---

cancel as set out above the cost of returning such substitute Products to us will be met by us.

- 12.4 We reserve the right, and without incurring any liability to the buyer to:
- 12.4.1 Alter the specifications for any Product;
- 12.4.2 Discontinue the manufacture of any Product;
- 12.4.3 Discontinue the development of any new product, whether or not such product has been announced publicly;
- 12.4.4 Commence the manufacture and sale of new products having features which make any Product wholly or partially obsolete, whether or not Distributor is granted any distribution rights in respect of such new products; and/or
- 12.4.5 Withdraw any Product from marketing at any time. Notwithstanding the above, the Company shall use reasonable efforts to provide Distributor with prompt written notice of any such decisions.

### 13 Transfer of Rights and Obligations

---

- 13.1 The contract between you and us is binding on you and us and on our respective successors and assignees.
- 13.2 You may not transfer, assign, charge or otherwise dispose of a Contract, or any of your rights or obligations arising under it, without our prior written consent.
- 13.3 We may transfer, assign, charge, sub-contract or otherwise dispose of a Contract, or any of our rights or obligations arising under it, at any time during the term of the Contract.

### 14 Events Outside Our Control

---

- 14.1 We will not be liable or responsible for any failure to perform, or delay in performance of, any of our obligations under a Contract that is caused by events outside our reasonable control (Force Majeure Event).
- 14.2 A Force Majeure Event includes any act, event, non-happening, omission, or accident beyond our reasonable control and includes (without limitation) the following:
- 14.2.1 strikes, lockouts or other industrial action.
- 14.2.2 civil commotion, riot, invasion, terrorist attack or threat of terrorist attack, war (whether declared or not) or threat or preparation for war.
- 14.2.3 fire, explosion, storm, flood, earthquake, subsidence, epidemic or other natural disaster.
- 14.2.4 impossibility of the use of railways, shipping, aircraft, motor transport or other means of public or private transport.
- 14.2.5 impossibility of the use of public or private telecommunications networks.
- 14.2.6 the acts, decrees, legislation,

regulations, or restrictions of any government; and

- 14.2.7 pandemic or epidemic.
- 14.3 Our performance under any Contract is deemed to be suspended for the period that the Force Majeure Event continues, and we will have an extension of time for performance for the duration of that period. We will use our reasonable endeavours to bring the Force Majeure Event to a close or to find a solution by which our obligations under the Contract may be performed despite the Force Majeure Event.

### 15 Waiver

---

- 15.1 If we fail, at any time during the term of a Contract, to insist upon strict performance of any of your obligations under the Contract or any of these terms and conditions, or if we fail to exercise any of the rights or remedies to which we are entitled under the Contract, this will not constitute a waiver of such rights or remedies and will not relieve you from compliance with such obligations.
- 15.2 A waiver by us of any default will not constitute a waiver of any subsequent default.
- 15.3 No waiver by us of any of these terms and conditions will be effective unless it is expressly stated to be a waiver and is communicated to you in writing in accordance with clause above.

### 16 Severability

---

If any court or competent authority decides that any of the provisions of these terms and Conditions or any provisions of a Contract are invalid, unlawful or unenforceable to any extent, the term will, to that extent only, be severed from the remaining terms, which will continue to be valid to the fullest extent permitted by law.

### 17 Entire Agreement

---

- 17.1 These terms and conditions and any document expressly referred to in them constitute the whole agreement between us and supersede all previous discussions, correspondence, negotiations, previous arrangement, understanding or agreement between us relating to the subject matter of any Contract.
- 17.2 We each acknowledge that, in entering into a Contract, neither of us relies on, or will have any remedies in respect of, any representation or warranty (whether made innocently or negligently) that is not set out in these terms and conditions or the documents referred to in them. Any changes to the specification of the Products or variations to the contract or these terms and conditions that you agree with our authorised employees

or agents will only be binding if recorded in writing and signed by a director of the company.

- 17.3 Each of us agrees that our only liability in respect of those representations and warranties that are set out in this agreement (whether made innocently or negligently) will be for breach of contract.
- 17.4 Nothing in this clause limits or excludes any liability for fraud.

### 18 Variations of These Terms and Conditions

---

- 18.1 We have the right to revise and amend the products, price lists or these terms and conditions from time to time to reflect changes in market conditions affecting our business, changes in technology, changes in payment methods, changes in relevant laws and regulatory requirements and changes in our system's capabilities.
- 18.2 You will be subject to the policies and terms and conditions in force at the time that you order Products from us, unless any change to those policies or these terms and conditions is required to be made by law or governmental authority (in which case it will apply to orders previously placed by you), or if we notify you of the change to those policies or these terms and conditions before we send you the Order Confirmation (in which case we have the right to assume that you have accepted the change to the terms and conditions).

### 19 Law and Jurisdiction

---

This contract is subject to the Laws of Northern Ireland and the buyer will submit to the exclusive jurisdiction of the Northern Ireland Courts.

### 20 Third Party Right

---

A person who is not party to these terms and conditions or a Contract shall not have any rights under or in connection with them under the Contracts (Rights of Third Parties) Act 1999.

### 21 Email and SMS Communications

---

By providing your contact details to BA Components, you will be indicating to us your consent for us to contact you by email and SMS to let you know about your order delivery or offers/promotions, which may be of interest to you, unless you indicate an objection to receiving such messages. You can also unsubscribe from marketing email communications from within our emails.
