

CROFTS & ASSINDER

EST. 1875

SPECIAL WORKS

UNIQUELY BRITISH

You could spend a lifetime discovering unique British buildings, furniture and landmarks; we have. From the very beginning Crofts & Assinder has specialised in the design and manufacture of extraordinary cabinet handles and luxury fittings. In our 140 year history we have had the privilege of dressing furniture at London's Ritz and Waldorf hotels, the White House in Washington, Parliament House in Buenos Aires and ships of the Cunard and White Star Line.

Established in 1875 George Crofts and Frederick Assinder commenced trading as brass founders at the heart of British industry in Birmingham, England. To this day, Crofts & Assinder has stood the test of time and remains in the same hands of the families that created the company at the outset. We endeavour to make the ordinary extraordinary, combining a unique blend of our British heritage with timeless design and quality.

All dimensions are approximate and given in millimetres (mm).

Our in-house plating and polishing departments can reproduce the majority of finishes if provided with a swatch. Please give us a call if you have any bespoke requirements.

FUNCTION IN ITS FINEST FORM

Implementing traditional Shaker values, humble undulations represent strength and humility as well as pure craftsmanship.

BOWLAND

The beautiful Bowland is refined simplicity at its best. Centring on innovation and design with a modesty only a true artist could capture, the pared back simplicity of this range is inspiring yet unassuming.

Standard Finishes: Brushed Satin Brass, Brushed Satin Nickel, Chrome, Matt Black

THE INDUSTRIAL AGE MEETS THE NATURAL WORLD

Drawing its inspiration from the gently knurled seeds of the centre of a sunflower on a summer's day.

Sensual, sleek yet strong.

HENLEY

The sleek façade of the Henley, combined with a chic industrial effect, gives this beautiful range a subtle balance of pared down perfection and delicate detailing to create an enduring statement piece.

Standard finishes: Chrome, Brushed Satin Brass, Black Nickel, Matt Black.

Black Nickel finish currently only available in Henley range.

BRUTALIST ALLURE DISTILLED

Based on the old oil drum barrels littering our industrial landscapes, the design for the Orkney came from finding beauty in the most unlikely of locations.

ORKNEY

This unique design creates a knob and handle, which are both immediately recognisable and yet infinitely spellbinding. With a simple cylinder bound by strategically placed rings, this handle exudes strength and brutal industrialism with a splash of beauty.

Standard finishes: Matt Black, Brushed Satin Brass, Chrome.

The Orkney knob comes with a removable round backplate as standard. Diameter dimension (W/D) given, includes the backplate.

L395 FC305 W/D23 H/P60

EDINBURGH

The retro styling of the Edinburgh is given a contemporary upgrade with the simple addition of sensuous curves, a gentle nod to the mysterious seaglass that inspires its flowing form.

Standard finishes: Brushed Satin Brass, Chrome.

THE DEFINITION OF ELEGANCE

Inspired by the beauty and style of the Bauhaus movement, the expansive face of the Cambridge is extravagant yet simplistic, adding a touch of luxury to any home.

CAMBRIDGE

A flawless circle accentuated by brutal linear form, this product celebrates Bauhaus at its finest, over 100 years since its inception.

Standard Finishes: Matt Black, Brushed Satin Brass & Chrome.

Knob *KB-B-4198-34*
W/D34 H/P31

L184 FC160 W/D24 H/P34

BUCKINGHAM

Art Deco and Bauhaus come into play with the Buckingham range. Modesty meets exclusivity as classic lines are given a modern twist.

Standard finishes: Brushed Satin Nickel, Chrome, Polished Nickel.

Cup Handle *HN-B-4092-128*
L157 FC128 W/D25 H/P32

Cup Handle *HN-B-4092-192*
L220 FC192 W/D25 H/P32

SANDRINGHAM

Regal. Celestial. Timeless.

As magnificent as its name implies, the Sandringham is effortlessly elegant. Well suited to both contemporary and traditional settings, this range truly presents a breath-taking option for the discerning client.

Standard finishes: Brushed Satin Brass.

Diameter dimension (W/D) given, specifies the width of the backplate.

THE EPITOME OF NATURAL PERFECTION AT ITS PUREST

Soft echoes of the endless, elegant circles of gently rippling water.

Delicate, desirable, enduring.

KNIGHTSBRIDGE

Classic, clean, and promising timeless elegance, the Knightsbridge family is the ultimate in enduring interior style.

Standard finishes: Brushed Satin Nickel, Chrome, Polished Nickel.

Knob *KB-B-4089-32*
W/D32 H/P26

REFINED MODERNISM

Inspired by the beauty and serenity of the Brugmansia flower, the Stormont is designed to elevate any contemporary living space.

STORMONT

Graceful curves meet modish styling in this sophisticated designer handle.

Standard Finishes: Polished Brass, Antique, Brushed Satin Brass.

Pull Handle *HN-B-4208-128*
L153 FC128 W/D25 H/P35

Pull Handle *HN-B-4208-160*

A SHOWSTOPPER WITH CLASSICAL FLAIR

Inspired by light refraction on multi-faceted gemstones, this bewitching handle blends art-deco allure with avant-garde styling to create a jewel of a range.

BROADWAY

Oozing glitz and glamour, the Broadway family truly is a range for putting on a show.

The marvellously defined facets of the Broadway add a subtle yet dynamic touch to the handles to create the showmanship and grandeur for which this range was named.

Standard Finishes: Brushed Satin Brass & Brushed Satin Nickel.

CHELSEA

Contemporary meets classic with the bold but beautiful Chelsea cup handle, as flowing waterfall-inspired lines are blended with statement styling.

Standard finishes: Brushed Satin Nickel, Chrome, Polished Nickel.

Cup Handle *HN-B-4093-128*
L160 FC128 H/P25 W/D33

ELEGANCE EPITOMISED

Influenced by the patterning of stalactite formations,
the Stirling emanates regality with a hint of sumptuous luxury.

STIRLING

The Stirling is subtle yet undeniably ostentatious, adding a touch of class to any interior.

Standard Finishes: Brushed Satin Brass, Matt Black.

FINISHES

All finishes are standard as indicated within the catalogue. Where not listed as standard, other finishes are available as bespoke from the eight Special Works finishes as pictured below. PLEASE NOTE due to photographic, digital and printing processes, some imagery may not truly represent the actual finish of the product. Please see real sample for colour.

Chrome

Matt Black

Brushed Satin Brass

Brushed Bronze

Polished Nickel

Brushed Satin Nickel

Polished Brass

Antique

Due to the hand finished nature of all of our bespoke products, there may be slight variations in colour and texture, which are individual to each product. The origination of the brass and manufacturing processes may also affect the finish, from product to product and batch to batch. Therefore Crofts & Assinder cannot guarantee that the finish on products will match exactly the finish of any previously issued samples / products and any subsequent orders, which you may place with Crofts & Assinder. However, we will make every effort to match finishes as closely as possible. PLEASE NOTE that due to the inherent nature of the in-house hand finishing provided, products with a bespoke finish unfortunately cannot be returned

All bespoke finishes are made in Britain.

Product Care Instructions

To prolong the life of Crofts & Assinder products we recommend cleaning when required using lukewarm water on a damp, well wrung-out lint free cloth. Also, a soft-bristled toothbrush can be used for the removal of dirt trapped in the knurling or grooves. Once clean, ensure to thoroughly dry with a soft cloth, paying particular attention to the base of the stem of the product. A light coating of natural wax will help seal any chips or scratches.

We strongly advise never to use commercial chemical or abrasive cleaning products on any Crofts & Assinder products, including antibacterial cleaners. These will remove the protective coating and the product may become damaged, possibly changing the appearance as a result. Also, little chips or scratches in the lacquer will allow the air to tarnish the metal underneath over time. So particular care is required by following these instructions, otherwise the 12-month warranty may become invalid.

All designs remain the property of Crofts & Assinder. We protect and defend our intellectual property rights globally.
