OUR NEW BROCHURE FOR 2022

2022 KITCHENS THE MULTIWOOD COLLECTION

Our brochure introduces the full choice of kitchen door styles and designs that are available from Multiwood. It's always been our mission to combine classic design with a contemporary approach to space and style. We've found that there are some kitchen styles that never date, rather they just adapt to the age that we're living in...

WE TAKE PRIDE IN OUR MANUFACTURING

We manufacture with modern living in mind.

Combining real craftsmanship, expert knowledge and the latest designs and manufacturing innovations, our modern kitchen collection reflects all of today's best kitchen trends.

Stylish and superiorly built, our kitchens incorporate innovative storage solutions and offer a wide range of configuration options, making them the perfect and flexible choice for your home and life.

We know that beautiful, robust and durable products are important when you want to create stand-out kitchens that are as individual as your customers.

We make this happen through our extensive range of handmade or imported kitchen doors so that our retailers can give their customers the kitchens they demand. Multiwood - It's the small, individual details that make a big impact.

“GOOD KITCHEN DESIGN IS NOT NECESSARILY SOMETHING THAT TURNS ALL CONCEPTS ON THEIR HEAD... A GOOD KITCHEN MUST QUITE SIMPLY STAND THERE AND INVITE YOU TO USE IT.”

Doug Allan, Founder

BE CREATIVE WITH COLOUR, GO BESPOKE.

In addition to a range of stock colour finishes, many of our fabulous designs are available in a choice of bespoke colours and textures to bring a more personalised feel to your new kitchen and better reflect your particular tastes.

HOW TO CREATE A COLOUR SCHEME

Layout and lighting

The size of your room and the lighting available will dictate which colours will work best within it. For example, using dark shades in a small room that only has limited lighting, (particularly from natural sources), will give a gloomy impression overall.

Whereas, using lighter tones in areas where there are wall cabinets will add a sense of contrast while helping to give the room a brighter feeling. In general, larger, well-lit rooms give the greatest scope when it comes to experimenting with colour.

Neutral colours

Neutrals are an excellent choice where space is at a premium as they can make a room seem lighter and larger. Using a single shade throughout or mixing similar tones together can create a clean and classic look.

Contrasting colours

Neutral shades can also be used to offset contrasting shades, and using hues that are opposite in colour or tone can help to divide a space into different areas or to create an interesting focal point.

Bold colours

Bringing bold colours into a room can help to add impact and energy. Strong tones are a good way to highlight features such as shelving, islands and freestanding units. However, care is needed to ensure the bold shades used add punch to the overall scheme, rather than dominate it.

Try a sample

As colours can look different depending on lighting conditions, we highly recommend you request a sample door before finalising your choice and ordering your kitchen.

Choosing the right colour is all down to your personal taste, and selecting a shade from our bespoke range will help you to create an altogether more unique and individual space.

BESPOKE MATT FINISHES

These symbols indicate that a design is available in a choice of bespoke matt painted finishes or a RAL matched colour. The full range of bespoke colours is shown overleaf.

Bespoke paint colours

Our carefully selected palette features 24 of the most beautiful colours, including two new shimmering finishes; Rose Gold and Gold Dust.

RAL colours

Where your preferred colour is not available within our range of bespoke paint finishes, we may be able to reproduce exactly what you are looking for through our RAL colour-matching service.

BESPOKE FOUNDRY AND METALLIC FINISHES

These symbols denote that a kitchen is available in a bespoke foundry or metallic finish. The full range of colours are shown overleaf.

From the bold and adventurous to the subtle and muted, we offer a selection of 4 foundry finishes, each equally intriguing and individual as each other.

Manufactured and painted in Italy to the highest quality, each specially finished design has a superior lustre and depth that is highly unique and extremely durable, adding a premium feel to any space.

BESPOKE COLOUR OPTIONS

In addition to a range of stock colour finishes, many of our fabulous designs are available in a choice of bespoke colours to bring a more personalised feel to your new kitchen and better reflect your particular tastes.

 **MATT PAINTED FINISHES**

 **FOUNDRY FINISHES**

 **SHIMMERING MATT FINISHES**

BESPOKE COLOURS

Our carefully chosen palette of stock colours features 24 of the shades that are most often specified by interior designers. Each one of these inspiring colours is compatible with both our timber and matt ranges.

RAL COLOURS

Where your preferred colour is not available within our range of bespoke paint finishes, we may be able to reproduce exactly what you are looking for through our RAL colour-matching service.

SAMPLES

As colours can look different depending on lighting conditions, we highly recommend you request a sample door before finalising your choice and ordering your kitchen.

Please note The colours shown here are a digitally printed representation of our paint colours and are as accurate as the printing process allows. All our kitchen doors are finished using premium paint ideal for furniture. Although all measurements are applied when sealing and protecting doors, timber by its very nature moves over the course of its life. It is therefore not unusual for hairline cracks to appear on the jointed sections of doors.

NEW FOR 2022

We've got two stunning new ranges to introduce to you in 2022...

KRAFT

Where we are breaking all the rules by combining irregular tactile finishes with ultra-contemporary designs for truly game-changing results. Inspired by urban elements and the colours, textures & patterns of nature. Finished to the unwavering standard you expect from Multiwood.

THE CHARTHAM IN-FRAME

Our most extensive in-frame kitchen to date is fully bespoke with our made to measure service. A classic in-frame style which is the perfect canvas for all over, contemporary colour schemes.

And of course... Everything is finished to the unwavering standard you expect from Multiwood.

THE CLASSIC COLLECTION

2022 KITCHENS
THE MULTIWOOD COLLECTION

THE CHARTHAM IN-FRAME

**INTRODUCING OUR NEWEST
ADDITION TO THE IN-FRAME
COLLECTION.**

A true classic shaker with a
cockbead surround frame,
the Chartham in-frame is a
quintessential classic that suits
both traditional and contemporary
living spaces.

IN- FRAME

CHARTHAM BEADED

This Chartham kitchen has been given a contemporary feel with a bold colour palette of Dark Green and Light Grey. The wide range of cabinetry and open shelving makes for a highly functional kitchen with frequently used items to hand and space for the more decorative pieces.

The marble worktop and backsplash contrast with the colour in upholstery to give an eye-catching look. While the solid brass handles (PH17 & PH19) with a brushed satin nickel finish add a touch of elegance.

Our glazed cabinets, featured here in clear glass, are also available with tinted or reeded glass.

Made entirely from ash, the Chartham kitchen range is designed with flexibility and durability in mind.

CHARTHAM SHAKER

Modern industrial aesthetic. This kitchen, with sleek black and brass accents sets the tone for a sophisticated contemporary space. Featured in the Farrow & Ball Studio Green, the kitchen exhibits the flexibility that can be found with the Chartham in-frame.

This kitchen features our solid brass knurled handles (HA258, HA259 & HA261) in a satin brass finish, which slot seamlessly into the Studio Green colour scheme. Our decorative metal mesh has been used on the drinks cabinet to great effect, shown here in brass, while the larder units make use of reeded glass, in keeping with the decorative style of the stunning kitchen.

A structured, contemporary kitchen with striking industrial accents & moody lighting.

Fully bespoke, the Chartham can be designed to suit your exact requirements.

BAYSTONE'S REFIND HUES

Classic in-frame style is the ideal canvas for an all over colour scheme of calming, contemporary Stone Blue punctuated by solid brass door and drawer handles. A full width moulded plinth lends a sense of solidity throughout.

IN- FRAME

Add a little contrast. A Silestone Alpine White worktop adds a contrasting accent to the Stone Blue of the kitchen island, which also features slab fascias in a contemporary twist on the classic in-frame design. Built-in chopping boards are a clever additional touch. The pantry unit with open shelving provides extra storage alongside space to display treasured personal items and ornaments.

SOPHISTICATED HUE STYLING

- | | | | |
|---|---|---|---|
| 1 | First Impressions Butlers Door Rack, Oak and Brass. | 6 | Swoon Mira Pendant Light, Smooth & Storm Grey. Available from swooneditions.com. |

| 5 | First Impressions PH12 Pull Handle, Brushed Satin Brass. | | |

FRESH & BOLD

Crisp Calcio White cabinets balanced against a centre piece island of deep Forest Green. Where light and height are in abundance, bold combinations like this make the contrast between colours and mood even more effective.

Open Shelving with oak shelf supports are a homely feature that maximises storage space. Pull out veg baskets are straight out of the farmhouse kitchen playbook. Chamfered pilasters with oak footings at each corner of the island emphasise its presence, while the high ceilings are a gift to the tall Calico units.

TONAL STATEMENT

Dark and Light monotones combine to create an understated space that exudes calm and tranquillity, making features like polished nickel knobs and cup handles all the more eye-catching because of it.

In a **Dark Blue and Light Grey** that bring to the mind the colours of the sea, it's fitting everything should be so shipshape. A chopping board and dinner tray set stow neatly away in the pantry unit frame, while the kitchen island displays a distinctive ocean liner curve. The tall, corbelled over mantle frames the centrepiece stove beautifully.

EILDON SOFT & CALMING

EQUALLY RELAXING

In equally relaxing tones of Light and Slate Grey, Eildon makes for a serene retreat from the busyness of everyday life. A raised and fielded centre panel brings an extra touch of elegance to this classic shaker style.

IN- FRAME

Side unit with end and centre pilasters and raised pilaster feet offers a flexible freestanding option. The raised and fielded door centre panels add a traditional feel that sits well with the open shelving and plate racks. White crockery and storage jars fit comfortably into the neutral grey palette.

SHAKER, SHAKEN UP

The shaker kitchen has had many looks since it first became a design classic. Conceived originally as a statement of simplicity and honesty, it's now embraced around the world.

In the following pages, you'll find our take on the shaker template in a combination of colours and accessories that makes each a true one off.

ALLESTREE CLASSIC TWIST

In Allestree, shaker takes on a softer touch with a rounded bead inside the door panel and a gentle Light Grey and Luna colour scheme. American Copper knob and cup handles are a rustic finishing touch.

SHAKER

A Silestone Eternal Statuario worktop combines beautifully with the Light Grey run of cabinets. The rustic, butcher block style cutting board is a satisfyingly utilitarian touch, and copper handles are complemented by copper cookware in the built-in pan rack.

DARK & OPULENT

Graphite wall and floor cabinets against charcoal grey create a deep, sensuous backdrop punctuated by focal point features in the warm tones of brass and oak.

Square Corner Pilasters on the kitchen island serve to frame an open shelving space of light oak. The rich wood grain is echoed in a parquet floor, while brass cup handles, knobs, taps and pendant lights provide a co-ordinated secondary palette. A shaker peg rail offers a practical, eye-catching storage option.

CLEVER STORAGE SOLUTIONS

A place for everything and... well, you know the rest.

A full range of ingenious storage ideas turns every nook and corner of your kitchen cabinets into valuable storage space. Anthracite shelving is strong and practical, with rotary, slide out and pull down designs all available. Timber panelled options are easy on the eye and make it even easier to organise things exactly the way you want.

EASTDON MODERN CLASSIC

White space is limited, a simple galley kitchen in a single minded colour scheme will make the most of what's available. This Eastdon design in Porcelain and Luna appears even roomier thanks to the double French windows.

SHAKER

The soft grey of luna paired with cool Porcelain creates a contemporary, monochrome feel. Satin nickel cup handles and knobs are a natural, understated choice, with a white worktop, simple slab shelving and brushed stainless steel cooker splashback continuing the theme.

RUSTIC CHARM

The smooth tones of Calico contrast with the multi-textural appeal of exposed stonework and beams in a look that is carried on by stone flag flooring and industrial style downlights.

Incorporating structural features such as wooden beams, especially in older properties, allows a kitchen to merge seamlessly with the fabric of the house. An elegant, light grey worktop and slim gooseneck tap fit perfectly into the overall design.

HOMELY GOODNESS

Rustic wooden spoons and serving utensils, along with retro-style essentials such as kitchen scales, evoke a comforting nostalgia, even in the most modern of kitchens.

THE CLASSIC FARRINGDON

The classic shaker, is filtered through a 1950s inspired aesthetic in this Farringdon design, complete with smooth pastel painted shades, chrome knobs and retro white enamel cooker.

SHAKER

The Porcelain and Mineral colour scheme

lends a lightness of touch to a kitchen that features sturdy square cabinet pilasters alongside playful curves, tongue and groove panelling and, unique to the Classic collection, angled end moulds to the cabinet tops. Accessories like a retro transistor radio, kettle and wireback kitchen chairs add to the mid-century feel.

LIGHT & DARK

Graphite and Porcelain cabinets balance one another beautifully in a practical but welcoming kitchen space. Satin nickel knobs, Warm Grey walls and woodgrain contribute to the harmonious effect.

The subtle but significant difference between Graphite shaker doors on floor and wall cabinets and Porcelain doors on the side cupboard maintains the visual interest in this otherwise deceptively simple design. A plain white worktop emphasises the darker tones of Graphite below it, with white bevelled tiles adding an element of texture.

SHAPES & TEXTURE

'Form follows function' is the mantra of all good kitchen design. But within those apparently severe constraints is a universe of kitchen essentials like pots, pans and chopping boards that reflect your sense of style and do their job brilliantly. Choose wisely and the objects you fill your kitchen with will delight you every day.

GETTING A HANDLE ON THINGS

Introducing our new knurled handle range.

We are delighted to announce that we have brought out a new range of stunning handles, which will complement our kitchen cabinet doors. See our full collection, page 170.

A COUNTRY CLASSIC HARTSIDE

A **chamefered centre panel** brings a subtle update to the shaker template in this Hartside country kitchen, which features a trio of colours - Dark Blue, Porcelain and Light Grey - that together create a space full of traditional character and charm.

SHAKER

Echoing the chamfered centre door panels, angled end mouldings on the open shelves are unique to the Classic collection. Chrome knobs and cup style handles ring the changes between drawer fronts and cabinet doors, with the natural tones of exposed brick and solid wood worktops providing a rustic homeliness.

RURAL RETREAT

An inviting country kitchen
in calming Porcelain and
complementary Sky Blue, featuring
a chamfered shaker style door and
some subtle design details that
reward a closer look.

Angled end mouldings and tongue and groove panelling add an extra layer of interest to what is otherwise a deceptively simple kitchen. The designers have opted for a pewter D handle throughout, emphasising the strong horizontal and vertical lines of the cabinet and drawer fronts, and punctuating the overall lightness of tone with darker accents.

THE CLASSIC RIVINGTON RANGE

Lofty ceilings and a distinguished Cream and Forest Green colour scheme give this Rivington kitchen a country manor house ambience that's accentuated by the classic over mantle and full height larder.

SHAKER

Solid Oak doors featuring a chamfered centre panel say everything about the sense of quality conveyed by the designer's choices. A breakfast bar incorporated into the centre island is braced by impressive looking square pilasters, with tongue and groove panelling adding to the 'life in the country' impression. Door handles are T-bar style in the warm tones of copper.

CLEAN CLASSIC

Calcio, Dove Grey and stainless steel together create a stylish, monochrome understatement that serves to accentuate the splashes of colour provided by books and carefully chosen accessories.

The **chamfered** solid oak door front of Rivington shaker is given an extra twist with the addition of wider side rails. Along with chamfered pilasters with colour coordinated feet and mirrored backs to the glazed units, the result a truly bespoke feel that is functional yet nevertheless welcoming.

NATURAL MATERIALS

Real wood, earthenware and stone bring richness and individuality to the kitchen. Look to terracotta and clay for storage jars. Solid or assembled 'butcher block' wood for cutting boards. Handcrafted plates and bowls have their own story to tell, as do handblown glasses and vases.

THE CONTEMPORARY COLLECTION

2022 KITCHENS
THE MULTIWOOD COLLECTION

A RANGE OF LIMITLESS POSSIBILITIES

INTRODUCING THE KRAFT RANGE

Our new collection of Kraft doors are inspired by nature's colours, textures and patterns and finished to the excellent standard you expect from Multiwood.

We break all the rules by combining irregular tactile textural finishes with ultra contemporary designs, and the results are game-changing.

Subtle textures bring life and intricacies to a design without making them over-complicated and since we create and produce our products on site, we're not restricted to sizes like other brands.

MAKE A STATEMENT

KRAFT makes a statement so you can too.

All of our colours and textures can be mixed and matched to make unique and varied designs that are truly customised to your requirements.

Here, 18M with our plywood edging adds a retro flavour to the design. Accented with 21M, the wood effect introduces warm natural tones and gives this kitchen a down-to-earth feel.

KRAFT is inspired by urban elements and the colours, textures and patterns of nature. Finished to the unwavering standard you expect from Multiwood.

Brushed brass aluminium frames.

Minimal and innovative in design, our aluminium frames are the perfect accompaniment for the contemporary kitchen.

We offer 4 finishes, Brushed Brass, Rose Gold, Matt Black and Silver.

Featured: Kraft 20M, with our Matt Black knurled handles HA253, HA254 and HA280

This open plan kitchen boasts plenty of space to host and socialise. The colour palette is kept neutral with natural patterns and finishes so that the dark 20M kitchen can take centre stage.

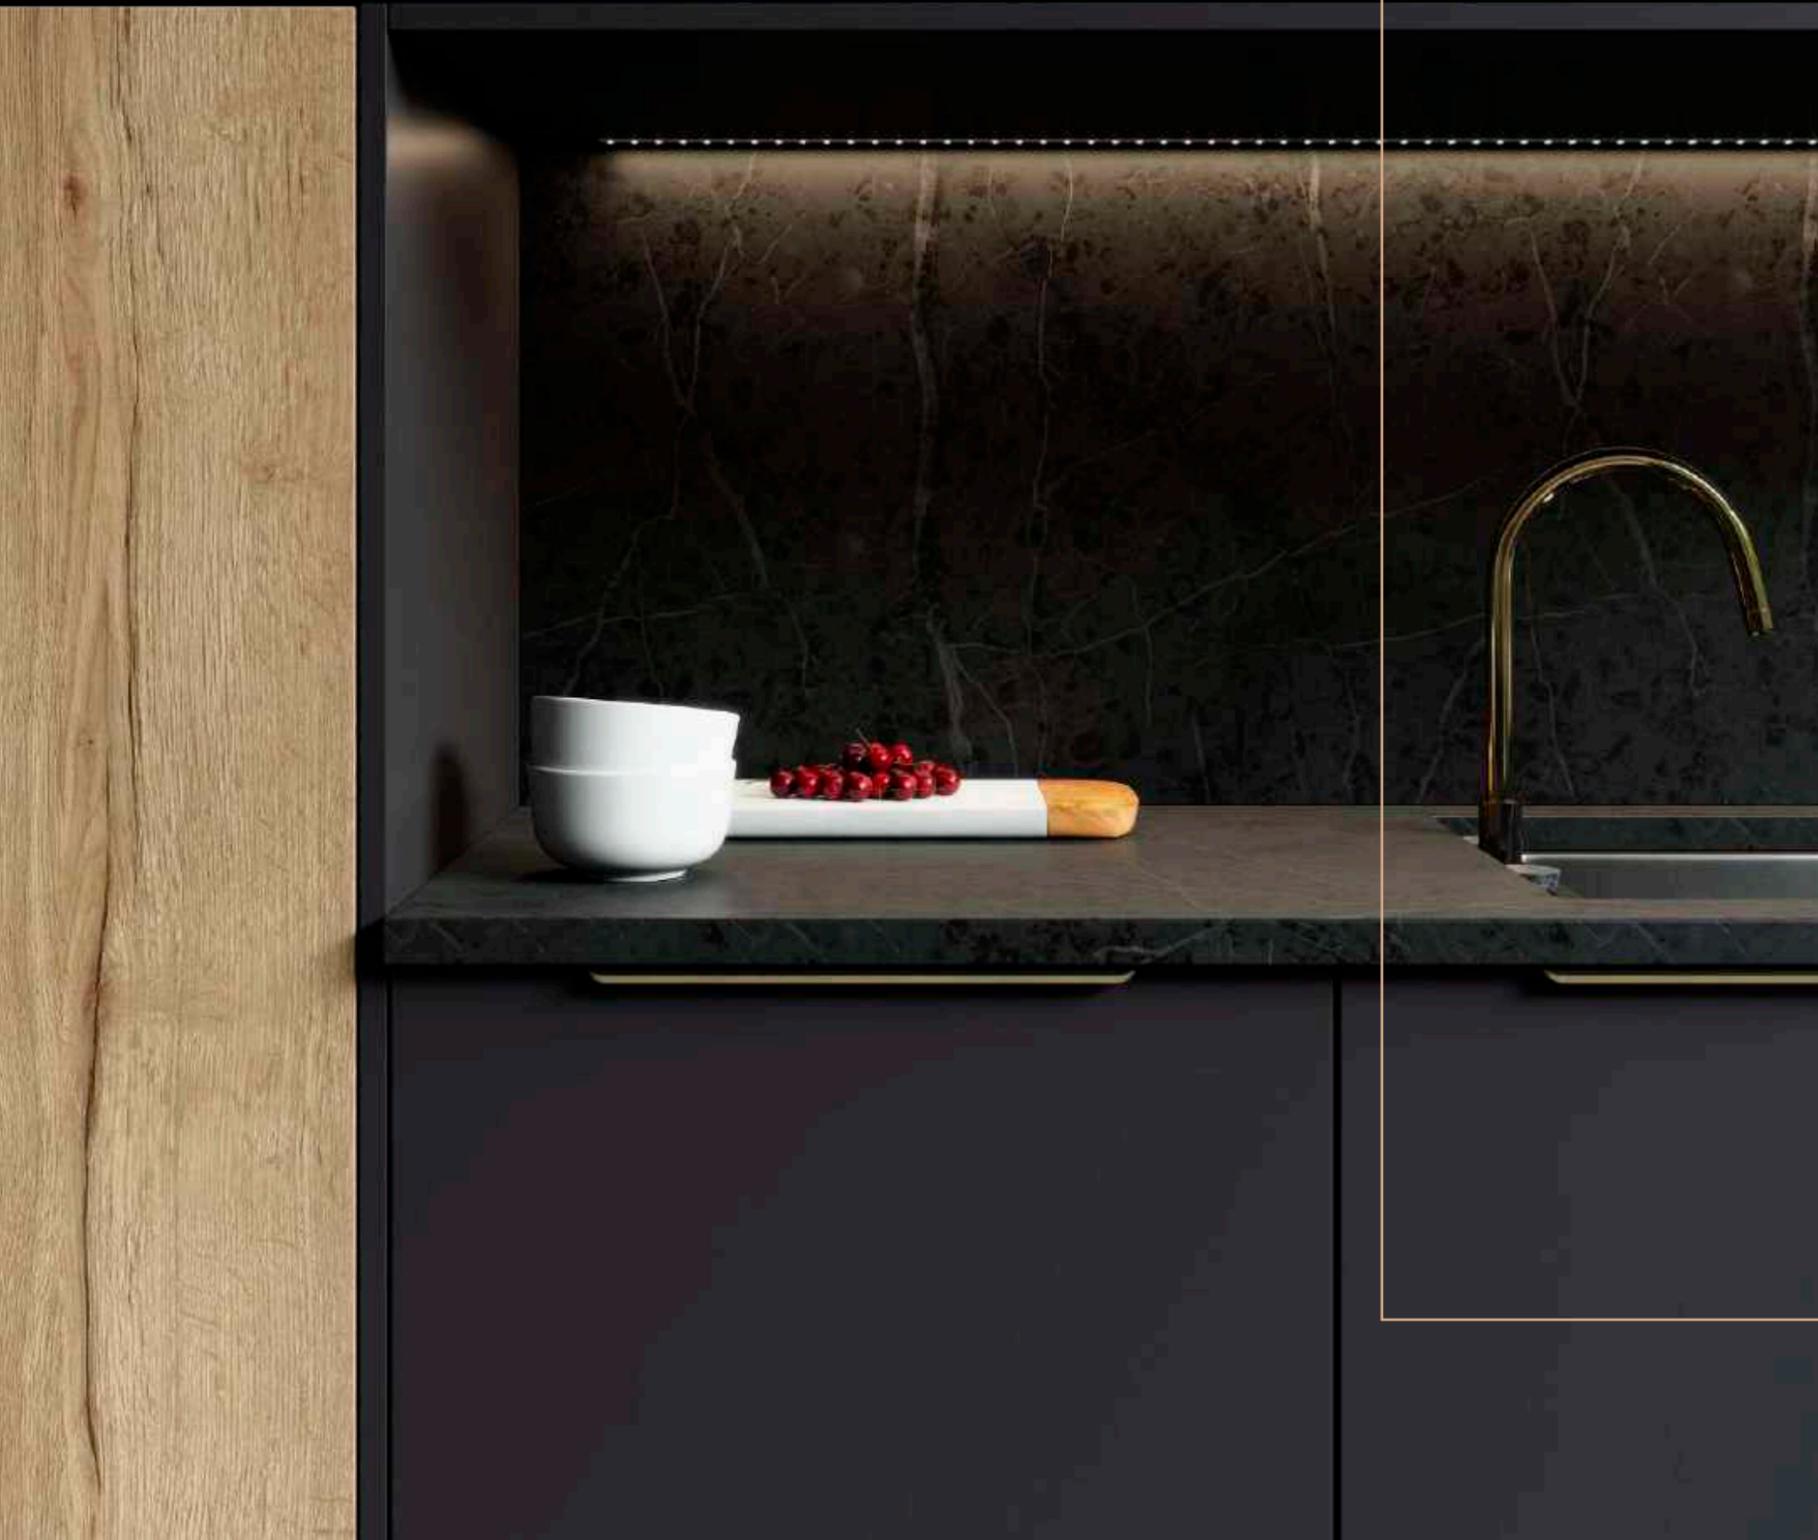

Here, our Rose Gold aluminium frames compliment the dark cabinets.

By incorporating materials that are resistant to scratching and moisture ingress, our kitchen doors are built to last. So whichever kitchen you choose, you never need to compromise on quality.

SLAB & TRUE HANDLESS RANGES

Simple, effective, enduring - slab doors are never out of fashion. Choose from our large selection of handles, or try handleless for an even smoother, sleeker effect.

COSDON RANGE

Cutting edge Italian painted textured detailing, combined with gloss and matt finishes and true handleless doors and drawers make Cosdon a truly exciting range.

Cosdon is available from stock in Cream (gloss only), White, Light Grey, Mid Grey, Graphite, Porcelain and Savanna in both Gloss and Matt and all bespoke colours and finishes. See page 12 for more details.

Keep it minimal with a true handleless design. Shown here in Gloss Savanna.

(below) Feature larder/oven housing unit in Foundry Charcoal
(right) Island in Gloss Savanna and Silestone Kensho worktop.

Painted in our bespoke colour Dusky Pink, the handleless rail system extends the use of colour through the kitchen.

(left) Porcelain Matt paired with Dusky Pink. (above) Use oak dovetailed drawer boxes to contrast with the contemporary kitchen design. A simple touch which we feels gives it a homely look.

Featured here in Grey and Paradise Blue, the kitchen cabinetry is clean lined and minimal. White painted matt doors amplify the feeling of light and space, while the island in Paradise Blue adds a pop of colour.

(left) The handle-less rail profile painted in Paradise Blue contrasts with the grey and echoes the colour used on the island. (above) Decorative and practical, the oak shelving adds a visual interest while keeping convenient items within reach.

Nordic charm blends with contemporary design. The simple palette of concrete, oak and Graphite makes for a sleek minimal design.

(below) The exposed oak drawers create a visual contrast and introduce warm tones to the kitchen. (right) Achieve a sleek look with subtle Edge handles, shown here in brushed brass (Ha206).

J-HANDLE RANGES

Built into the door, the J-Handle provides both ease of access and a clean, tidy look. The range includes Aconbury matt and Welford gloss, with the option to combine the two.

ACONBURY RANGE

The simple aesthetics of Aconbury are ideal for those who want a pure and streamlined look. The sense of clean, uncomplicated design is continued by the way the handles are incorporated within the doors. To take it to another level, the Aconbury can be combined with the Welford Gloss range.

Aconbury is available from stock in Light Grey, Mid Grey, Porcelain, Silver Grey, Graphite and Savanna. It is also available in our 24 bespoke paint finishes and RAL matched colours. See page 12 for more details.

Featured here in Graphite and bespoke Winter Teal opposite and below, this colour combination creates a really sophisticated, modern look.

Featured here in a cool pairing of Porcelain and our bespoke colour Luna, the matt doors are also available in stocked colours of Light Grey, Mid Grey, Silver Grey, Graphite and Savanna, as well as a wide assortment of bespoke colours to make the kitchen truly your own.

Featured here in bespoke painted Luna, the Aconbury door incorporates a handle into the 22mm thick door for a totally streamlined look.

Go for a bold look with Graphite and Foundry Tarnished Copper, combined with softer tones such as Silver Grey, results in a striking but well-balanced arrangement.

(below) To keep the effect going, extend the style, material and colours of your kitchen to other rooms and items of furniture. **(top right)** Add strip lighting to provide additional lighting under cupboard space. **(bottom right)** End corner posts continue the top handle groove, giving the island a smooth, linear design. They are available square or curved.

WELFORD RANGE

Balancing clean, flowing lines with gently rounded edges, the Welford range is perfectly optimised for any kind of kitchen. For something altogether different, the Welford is also available in both bespoke gloss and bespoke matt painted finishes.

Welford is available in a choice of Bright White, Cream, Savanna, Graphite, Light Grey and Sky Blue finishes, you can use them on their own or create your own unique combination.

Featured here units are displayed here in Gloss White from our standard range. We've made a feature of the island by pairing Sky Blue from our bespoke gloss range.

(left) Our Italian painted doors ensure that a deep glossy level is achieved.

(above) Hidden handles help to make for a completely contemporary look, and the Welford gives you the freedom to experiment with colours and combinations.

Featured in Graphite and Savanna, this Welford kitchen has been designed with multi-functionality in mind. Tall larders and wall units increase storage and maximise space while a rounded island serves as the main food prep area and seating for the dining table.

(below) Graphite combines with Savanna, creating a striking combination.
(right) The smooth rounded island makes use of both curved doors and radius posts.

The cabinetry in this kitchen is predominantly painted in Light Grey, with Graphite featured on the island.

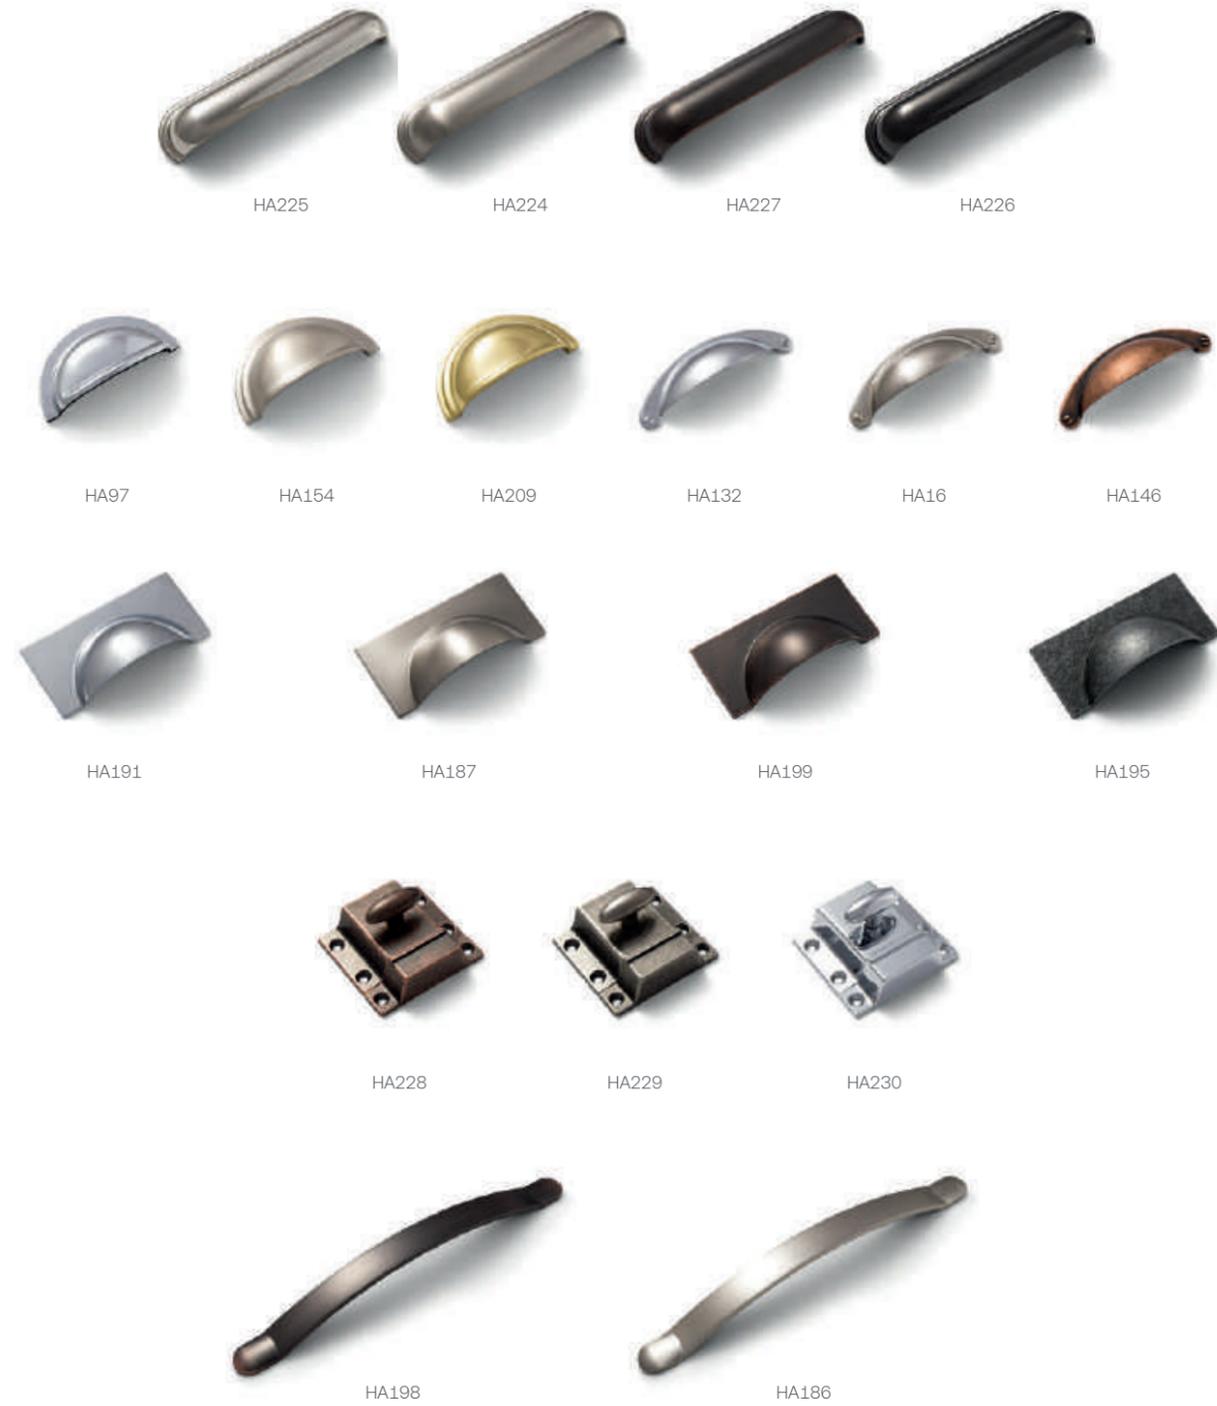

Pairing White with Sky Blue in this design ensured for a light and bright space that would feel open and airy any the time of year.

FINISHING TOUCHES

From handles that complement your chosen doors to neat ideas for organising your drawers, we offer a wide range of accessories to finish your new Multiwood kitchen in real style.

DRAWER OPTIONS

So you can always lay your hands on exactly what you need, our versatile drawer options help to store and separate pots, pans, cutlery and utensils, both neatly and safely.

(above) Store stacks of plates with our oak plate pegboard and re-positionable dividers.
(opposite) These beautifully built dovetail drawers feature cutlery dividers and an anti-slip lining to keep everything tidy.

(opposite) With the flexibility to be configured however you choose, this clever drawer organisation system is a simple and very effective way to store your pots and pans, ready for when you need them. (above) Dovetail drawer boxes are a true sign of a superior quality build.

DOOR DIRECTORY

Glazed, panelled beaded or plain, the Classic range of doors provides a broad choice of finishes and colours that together provide a signature style to complement any shape, size and design of kitchen.
