This traditional style conveys sleek lines with a single handle lever. Available in an extensive range of premium finishes, including Gold and Bronze for an opulent look.

#### DUAL LEVER TAP

With the added functionality of two handles, dual lever taps offer a more structured design for your kitchen sink. In addition to this, you can explore more elaborate and stylised looks within this category.

# LARDER Storage

A SHARE AND A SHARE

#### TANDEM LARDER

The original and the best; our most popular solution for wider larder units combines the functional benefits of the Tandem Side and the Tandem Solo. By splitting each level in two, the overview of the cabinet contents are doubled, whilst the rear shelves are automatically drawn forward as the door is opened for effortless accessibility.

#### **DISPENSA** LARDER

The unique design of our Dispensa Larder gives you access to your goods from both sides, meaning all of your items are visible in one movement, even those on the top shelf. Market leading quality also ensures that even when fully loaded with 100kg of groceries, the unit moves smoothly with minimal effort.

#### TANDEM SIDE LARDER

Designed for use alongside traditional shelves, the Tandem Side is placed on the inside of a tall height cupboard. It's the perfect solution for storing your herbs and spices within easy reach. Alternatively, a studio height design can be planned into smaller units which can be a great place to store tea, coffee and breakfast essentials.

TANDEM SOLO LARDER

Our Tandem Solo presents immediate, effortless access to food stuffs with the simple opening of your cupboard door. Offering complete transparency for your entire cupboard contents, you'll never again find out-of-date ingredients lurking at the back of your shelves!

#### **LEMANS** ARENA PURE

#### MOVEBOARD SILVER STYLE

The Moveboard is our entry level alternative to the LeMans corner solution for value driven kitchens, holding up to 20kg per shelf and featuring a powder coated Silver finish.

#### MAGIC CORNER CHROME STYLE

The Magic Corner attaches to the back of your cupboard door, allowing the trays to slide out simultaneously for full access to the depths of your corner cupboards.

# WALL STORAGE

#### BESPOKE Shelving

Using open shelving instead of closed cabinetry can help to make a room feel larger, without compromising on valuable storage space. No matter the size or shape of your space, our Kesseböhmer YouK modular shelving can be tailored to your precise requirements. STORAGE SOLUTIONS

#### IMOVE ACCESSIBLE SHELVING

Whilst utilising wall space with cabinets can provide extra storage potential, higher sections are often left inaccessible or a hassle to reach. Our Kesseböhmer iMove provides effortless access to upper shelves, with a tray that lowers the contents of your cupboard down within easy reach.

# DRAWER INSERTS

No matter the size of your drawers, we have developed a comprehensive range of deep and shallow inserts to effectively organise your internals. From cutlery trays, to plate holders and knife dividers, we have a solution to help you neatly store away all your kitchen essentials within your drawers.

#### **OAK** PLATE HOLDER

In a charming and durable Oak finish, our plate holders keep your pots, pans and crockery organised and prevent items from clashing together in your drawer.

#### **OAK** DRAWER INSERTS

Made from light washed natural Oak, our beautiful drawer inserts are the perfect way to organise your internals so they always look neat and tidy. With dividers, knife blocks, a foil/film dispenser and a stepped spice holder, we're sure you'll find a design to suit your storage needs. STORAGE SOLUTIONS

#### **PLASTIC** DRAWER INSERTS

If Oak doesn't suit your kitchen design, we also offer a wide-range of high-quality, scratch resistant plastic drawer inserts with modular accessories, perfect for a contemporary setting.

## WASTE & RECYCLING

TALAP

Waste management and recycling has never been more important; when planning your new kitchen, be sure to carefully consider where & how waste food and empty packaging will be stored.

#### **BASE** Mounted

Housed behind hinged doors typically in slimmer cabinets, these bins can be easily pulled out with the lid remaining in place.

#### DOOR Mounted

For maximum convenience and capacity, bins can be mounted to the rear of doors, available in light or dark grey with soft close as standard throughout the range, and the option of fixed or removable lids.

**DRAWER** MOUNTED SOLUTIONS

Half height deep drawer units can provide a deceptive amount of space for both recycling and food waste; widths of up to 1000mm can hold up to 581 in multiple compartments. FINISHING TOUCHES

Natural light

Natural light lighting can perfectly complement a monochrome, light neutral, or minimal palette. Warm white

Warm white lighting pairs beautifully with deep, rich tones and woodgrains for a welcoming aesthetic.

Lighting is no longer just an accessory, it's a necessity, and creating a tailored lighting plan in the early stages of your design can help to transform your space in terms of style and functionality. Our Second Nature retailers are there to help you make those all-important lighting decisions- but if you're looking for inspiration, here are some of the key design elements to consider.

## WHAT DO I NEED & WHERE?

When choosing the most appropriate lighting for your kitchen, bedroom or home office, a good place to start is considering these three key lighting environments – Mood, Task and Convenience

#### **MOOD** LIGHTING

Also referred to as decorative or accent lighting, mood lighting is used to add dimension and depth to a room, such as wow-factor lighting in a pantry unit, or strip lighting beneath cabinets, shelves or at plinth level.

#### **TASK** LIGHTING

Task lighting helps you create an efficient working space, aiding you to undertake everyday activities like food preparation and serving.

#### CONVENIENCE LIGHTING

Convenience lighting has a specific purpose- it's directional and intended to illuminate areas that need it, like drawers, dark corner cupboards or alcoves that don't receive much natural lighting.

## WARDROBE

The world's first pull-down clothing rail with an integrated shelving unit. This ingenious solution doesn't just give far better access to higher hanging rails, but also creates an additional deep shelf in an area which is an otherwise wasted space.

#### HANGERS & LAUNDRY BASKET

Our cleverly designed hangers are uniquely shaped to separately hold 2 pairs of trousers each, and even when loaded to its huge 33kg weight capacity, the system works beautifully, lightly and smoothly. The system is also compatible with an integrated laundry basket.

#### YOUK Shelving

YouK by Kesseböhmer is a flexible, innovative shelving system to create bespoke wall units. Featuring an ontrend, industrial powder coated black finish and an open, linear design.

#### SIDE MOUNTED PULL-OUTS

From ties and belts, to cufflinks and watches, these side mounted pull-outs can ensure you're maximising the space, visibility, and accessibility of your entire cabinet!
